

May 9, 2023 Director's Report

Time Study:

CASS= Visitors— 294
 WIFI— 69
 Ref.— 80
 In house— 118
 Printer— \$24.00

STO= Visitors— 81
 WIFI— 12
 Ref.— 11
 In house— 20
 Printer— \$4.25

Events:

- The Saturday Kids' Club has been well attended each week. Volunteers have been involved with Main Desk assistance and Storytime.
- Lego Club and Chess Club are going well too. We have some very avid chess players.
 - We have a future hope/plan to start a Lego Set Rotation with other CCLS libraries and use the Bookmobile system for transportation.
 - A grant application is pending; we should know by the end of May.
- There has also been a general grant application for the following:
 - Zoom Room
 - Summer reading program books
 - More storage totes to organize crafting supplies
- Two memorial albums have been purchased with petty cash to display at each library for specified individuals.
- Computer classes for adults will be offered during the month of May on Fridays at each location. More info is posted at each library.

- Stockton is offering a “photo op” for beginning photographers who lack studio space/lighting. They may call to reserve a time for their own photo shoot.
 - Brand-new photographic lighting/backdrop equipment was found in the STO closet. Simply putting it to good use for the public.
 - It is not to be rented or leave the property. A librarian will be on hand at all times during a session.

Concerns:

Dave Wilson—unfinished ditch has too many rocks; mowing is an issue, so he’s discontinued mowing until it’s taken care of and smoothed over (re-seeded?).

Flower beds—need maintenance to remove dead plant matter, etc. I have contacted two potential sources for gardening volunteers: one from the Resource Center and another from Cassadaga Job Corps. Waiting for responses at this point.
